**What is your vision for community college teacher education programs?**

I would like to see all community college teacher education programs give the students a real look at what a career in this field will require of them.

**What do you want to receive from you community college education?**

I want a solid foundation that will help me as I move forward with my educational.

**What advice would you give to a future teacher?**

Never stop growing, the more you grow the more you can help others. Also, make sure you are going to love your job. "If you find a job you love.....you will never work a day in your life"  
Mark Twain.

**Interest or hobbies:**

Time with my children is at the top of my list. I love taking my children on trips and spending time with them, whether that is at my house or doing something new. I like spending time with family at reunions and parties. I also enjoy drawing and painting.
